SUMMARY

Cloud Data Engineer with 4 years' experience in Azure solutions—Data Lakes, Warehouses, ETL pipelines, and iPaaS. Skilled in ADF, Azure Storage, API Management, Logic Apps, Functions, and DevOps automation.

EXPERIENCE

Senior Software Engineer | Azure Architect & Azure iPaaS Developer

HCLTech **October 2024 - Present, Lucknow**

- Architected and deployed enterprise-grade Azure iPaaS solutions (Logic Apps, API Management, Service Bus) supporting **10+ business-critical integrations** across finance, supply chain, and HR.
- Led migration of on-prem workloads to Azure, reducing infrastructure costs by **30%** and improving system uptime to **99.9% SLA compliance**.
- Designed secure, reusable integration frameworks enabling **40% faster onboarding** of new partners and applications.
- Mentored and guided a team of **5 junior engineers**, fostering best practices in DevOps and cloud security.

Software Engineer | Azure Data Engineer

HCLTech **December 2021 - October 2024, Lucknow**

- Developed and managed **20+ ETL pipelines** in ADF and Databricks, processing **terabytes of structured and unstructured data** daily.
- Optimized SQL queries and Delta Lake performance, reducing data processing time by **45%** and cutting compute costs by **20%**.
- Built scalable Data Lake and Warehouse models that supported analytics for **300+ business users** across finance, sales, and operations.
- Automated incremental data ingestion from **15+ source systems**, ensuring **99% data availability** for reporting.

PROJECT

Blogiphilia – A Blog Writing and Publishing Platform

Amity University • blogiphiliamain.vercel.app • August 2024 - December 2024

- Built a full-stack platform enabling **50+ users** to register, write, save drafts, and publish blogs, streamlining the content creation process.
- Implemented interactive features (likes, comments, discovery), boosting **user engagement by 40%** and increasing average session duration.
- Developed with **React.js, Node.js/Express.js, and MongoDB**, achieving **sub-second response times** and ensuring scalable performance for growing traffic.

EDUCATION

Bachelor of Computer Applications (BCA)

Amity University • 2025 • 8.5

CERTIFICATIONS

Data Fundamentals

IBM • 2025

GenAI for .Net Developer

Microsoft • 2024

AWARDS & HONORS

Good Achievers Award – Winner

HCLTech • 2025

SKILLS

Azure Data Factory, Synapse Analytics, Azure Functions, Logic Apps,Data Explorer, Storage Management, API Management
Technical Skills: Azure Data Factory, Azure Logic App, Azure API Management, Azure Data Explorer, Azure Storage, Application Insight, Azure App Services, Azure Functions, Databricks

Azure DevOps (CI/CD), PowerShell, git, GitHub

SQL Server, Python, Machine Learning, GenAl

C#, .NET, ASP.NET MVC, HTML, CSS, JavaScript, Node.js, Express.js, React.js, Tailwind CSS
